Invest in artists. Invest in community. Buy handmade.

On behalf of the American Craft Council Board of Trustees and staff, welcome to American Craft Made / Baltimore 2023! Thank you for spending part of your weekend with us as we celebrate and support the work of more than 350 artists.

While you are here, I invite you to participate in the various opportunities we have created for you to expand your understanding of craft and forge a deeper connection to it. Please make sure to explore the Emerging Artists booths, School-to-Market area, and Local Craft Partner Pavilion. Along the way, you're sure to find the perfect pieces to add to (or start!) your collection or to purchase for the people you love.

Every purchase you make at American Craft Made / Baltimore is an investment in artists and in community. It is also an affirmation of the social impact of craft and the enduring values of making things by hand and making them well. As a national nonprofit, ACC advances the impact of craft and fosters the livelihoods of the diverse and remarkable people who create it. Together, our investments can, and do, make a difference.

Thank you to our participating artists, partners and sponsors, members and other guests, and the City of Baltimore for warmly welcoming ACC American Craft Made for our 46th year. We are deeply grateful for your continued support.

The American Craft Council's Emerging Artists Program

Now in its eight year, ACC's Emerging Artists program is a juried showcase of top emerging talent that provides a pathway for early-career artists into our established, competitive craft marketplaces.

With portions of expenses underwritten by ACC, extensive exhibitor support, and marketplace award opportunities, this program gives emerging artists an unparalleled opportunity to grow their clientele and careers. Historically, accepted artists have participated in the program for a total of three years.

In Baltimore, we are excited to have approximately 60 artists exhibiting through the program. Their booths are marked in **orange** on the map and with an **E** in the main directory, organized by booth number.

American Craft Council members and donors help keep our marketplaces cost-effective for artists?

In addition to buying from artists here today, you can help underwrite programs that support artists in their practice, amplify their work, and bring the craft community together.

**Talk to an ACC team member at our welcome booth about joining or donating today.
Or visit craftcouncil.org/Support**
